

Bayside Environment Friends Network

July 2008

Dear Friends

The last BEFN meeting left us all with the feeling that the network is on a good way. The participation of Friends is great, the information is flowing and new ideas arise on the horizon. Thank you for all your efforts.

Kind regards
Barbara Jakob

Friends News

Bayside City Council and Citywide are currently reviewing the Friends policy to reflect the present status. And we develop a new and updated Information Kit for interested people. We asked all Friends Groups to write a short description of their sites. Most are in. Thanks for being so quick. Both documents will be presented at one of the next meetings.

750 *Banksia Bulletin* are quarterly send out to the public. It can be subscribed online. All *Banksia Bulletins* can be found on the Bayside City Council's website. In the future this newsletter will be available as well.

Bayside City Council received recently excellent pictures from citizens. The quality is just amazing. Thank you for sending them in.

Friend's Flyer

Hurrah we've done it! The wording for the new Friend's flyer past last BEFN meeting with minor changes. The editor of the *Banksia Bulletin* did a proof read and all is now up to the graphic designer to come up with some great idea.

Bayside Friends Forum

September 13, 2008

The Forum's aim is

- to encourage the dialog amongst all Friends
- to exchange experience
- to get inspired through guest speakers
- collaborate and
- focus energies.

Please note this day in your diary.
More details soon!
