## What is a baby capsule?

A baby capsule is an infant restraint for your vehicle and suitable for babies up to six months old or up to nine kg in weight.

Our capsules are hygienic and suitable for use by newborn infants.

## What is the Baby Capsule Hire Service?

Bayside Baby Capsule Hire Service has been operating for 12 years and has more than 200 capsules available for hire.

The service operates from Brighton East Maternal and Child Health Centre and is available to residents of Bayside and Glen Eira municipalities.

Our staff have the latest information available about infant and child road safety issues, and are able to offer advice on vehicles that may need accessories or modifications to fit the restraint correctly.

Accessories, for example extension straps, are not available for hire.

## How do I access the Baby Capsule Hire Service?

The service is located at 1 Palmer Avenue, Brighton East and operates on Monday, Wednesday and Friday mornings.

Telephone: 9591 0589

When the service is unattended, please leave a message on the answering machine stating your contact details.

## Bookings

Bookings are essential. To book a baby capsule, ring the Baby Capsule Officer once you have reached 20 weeks of pregnancy. One month before your due date, please confirm your booking and arrange an appointment to pick up your capsule two weeks before your baby is due. This is required to ensure that you have time to have your capsule fitted at a specialised fitting station.

## Fees/costs (effective 1 July 2009)

Hire fees are charged to cover the cost of providing the Baby Capsule Hire Service.

Refundable deposit of \$30.

Hire fee \$85 per six month period (GST inclusive).

Monthly short-term hire is available at a cost of \$22 per month (GST inclusive).

## Accidents/damaged capsules

It is the responsibility of the hirer to replace the capsule in the event of damage or loss. Hirers must also report if the vehicle in which the capsule has been installed has been involved in an accident during the period of hire. If required, a replacement capsule will be issued subject to availability.

## Returns

Hirers are requested to return the baby capsule clean and complete. If all parts are not returned, then the cost of replacement parts will be deducted from your deposit. Your deposit, less any charges owing, will be returned by cheque from Bayside City Council.

## Safety checks

Bayside City Council encourages hirers to take their car to a registered fitting station and have the capsule checked to ensure it is correctly fitted prior to use. Please contact the fitting station to arrange an appointment.
