

BAYSIDE CHRISTMAS

CAROLS IN THE PARK

Music Director – Robert Dryden

Bayside City Council is proud to be associated with talented **Music Director, Robert Dryden.**

This is the 11th year that Robert has been associated with the *Bayside Christmas Carols in the Park*. Robert says, 'every year, it gets more and more exciting! It's a wonderful opportunity for young Bayside performers to be seen in front of a home-town audience and I fully support Bayside City Council's idea to use local artists as performers. It's also great for local schools to sing and perform'.

'We are very lucky to have such talent and I feel grateful being the stepping stone for many of these young performers to even greater accolades. I've always loved Christmas and carol singing, having sung in a variety of church and community choirs over the years. This year we are promising a blend of new and traditional carols with some new faces and surprises. I really encourage everyone to make 13th December a priority and come on down to the biggest event on the Bayside calendar'.

Mixed Choirs - Joyful Strains and Vocally Wild – Will perform and support our other performers. The hundred member choir comes from 2 local community choirs who have spent many hours rehearsing and preparing for the big night.

Both choirs are very supportive of Bayside Carols and consider this night to be the highlight of the year!
