

# Strategic Resource Plan

2018 – 2022

# Strategic resource plan

## 1. Plan development

The Act requires a Strategic Resource Plan (SRP) to be prepared describing both financial and non-financial resources (including human resources) for at least the next four financial years to achieve the strategic objectives in the Council Plan. In preparing the SRP, Council must take into account all other plans and strategies in regard to services and initiatives which commit financial and non-financial resources for the period of the SRP.

Council has prepared a SRP for the four years 2018/19 to 2021/22 as part of its ongoing financial planning to assist in adopting a budget within a longer term framework. The SRP takes the strategic objectives and strategies as specified in the Council Plan and expresses them in financial terms for the next four years.

The key objective, which underlines the development of the SRP, is financial sustainability in the medium to long term, while still achieving Council's strategic objectives as specified in the Council Plan. The key financial objectives, which underpin the SRP, are:

- Maintain a strong underlying operating surplus in order to fund Council's operating services and growing capital infrastructure requirements.
- Maintain existing service levels
- The asset renewal program is to be fully funded from the operating result
- New capital investment is to be funded from the operating result, cash reserves, government grants or borrowings
- Achieve a balanced budget on a cash basis.

In preparing the SRP, Council has also been mindful of the need to comply with the following Principles of Sound Financial Management as contained in the Act:

- Prudently manage financial risks relating to debt, assets and liabilities
- Provide reasonable stability in the level of rate burden
- Consider the financial effects of Council decisions on future generations
- Provide full, accurate and timely disclosure of financial information.

The SRP is updated annually through a rigorous process of consultation with Council service providers followed by a detailed sensitivity analysis to achieve the key financial objectives.

## 2. Financial resources

The following table summarises the key financial results for the next four years as set out in the SRP for years 2018/19 to 2021/22.

Indicator	Forecast	Budget 2018/19	Strategic Resource Plan			Trend +/-
	Actual 2017/18		Projections		2021/22	
			2019/20	2020/21	2021/22	
Surplus for the year	23,755	<b>19,602</b>	15,998	18,562	14,648	-
Adjusted underlying result	15,389	<b>16,937</b>	13,245	13,286	13,349	o
Cash and investments balance	77,703	<b>64,425</b>	53,641	58,917	61,491	o
Cash flows from operations	37,412	<b>39,092</b>	37,130	40,993	37,972	o
Capital works expenditure	46,839	<b>52,370</b>	52,212	38,214	35,396	-

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

The following graph shows the general financial indicators over the four year period.

The key outcomes of the Plan are as follows:

- **Financial sustainability**

Cash and investments are forecast to decrease by \$13.3 million during 2018/19 as Council utilises reserves for specific capital infrastructure investment. From 2019/20 cash will remain steady with a marginal increase by 2021/22 which indicates a balanced budget on a cash basis in each year.

- **Rating levels**

Modest rate and charge increases are forecast over the four years. Council will achieve the mandated rate increase to be capped at 2.25% in 2018/19 and 2.5% from 2019/20.

- **Service delivery strategy**

Service levels have been maintained throughout the four year period. Adjusted operating surpluses which exclude capital items like capital grants and contributions are forecast to remain steady around \$13 million. The adjusted underlying result is a measure of financial sustainability and is an important measure as once-off capital items can often mask the operating result

- **Borrowing strategy**

Council repaid all borrowings totalling \$2.13 million in 2017/18 and as a result is debt free. Future new borrowing needs will be based on a sound business case, demonstrated community benefits and intergenerational repayments.

- **Infrastructure strategy** - Capital expenditure over the four year period will total \$178.2 million at an average of \$44.5 million. The substantial investment in infrastructure over the next four years continues Councils strategy to upgrade and renew pavilions, sporting grounds and playgrounds as well as renew basketball and netball facilities, library and early childhood facilities.

**Comprehensive Income Statement**  
**For the four years ending 30 June 2022**

	2019	2020	2021	2022
