Making Bayside a better place

Bayside City Council’s vision is to work together with the community to ‘make Bayside a better place’

In 2016 more than 1,200 community members, representing a broad range of backgrounds, participated in a variety of surveys, face-to-face engagements and online forums to create the Bayside Community Plan 2025. This consultation provided valuable insights into what residents value and what is needed to make Bayside a better place. It was used to inform and prioritise the development of this Council Plan.

The structure of the Bayside Community Plan and the Council Plan is based on the ‘domains of liveability, that is what would make Bayside a great place to live, work and visit. These domains are drawn from the World Health Organisation’s Age Friendly Cities Framework, the Community Indicators Victoria Data Framework and the University of Melbourne’s Place, Health and Liveability Research.

The seven domains of liveability are:
- Infrastructure
- Transport
- Housing and neighbourhoods
- Open space
- Environment
- Local economy and activity centres
- Community health and participation.

In addition to setting goals for each of the domains of liveability, this Council Plan adds ‘Governance’ as an eighth goal to reflect the community and Council’s desire to improve community engagement to inform decision making and deliver financially responsible services and facilities that meet community needs.
What our community values
Infrastructure

Our infrastructure includes the physical assets Council provides to deliver services to the Bayside community, such as underground drainage services, local roads, parks, reserves, pathways and buildings. Our research showed that the community values infrastructure that functions seamlessly, is attractively presented and is well maintained. The community wants the location of facilities to be spread across the municipality and conveniently placed for easy access, particularly community buildings, sporting grounds and playgrounds. Residents also want sporting facilities that are accessible and promote gender equity.

This Council Plan will deliver an unprecedented capital works program to upgrade, expand and renew existing infrastructure to meet current and future community needs. It will progressively upgrade all of our sports pavilions to provide female-friendly facilities, access for people of all abilities and to meet the needs of the community. Council will develop facilities that address the requirements of basketball and netball, and will provide safe and contemporary play facilities by upgrading 37 playgrounds in four years.
Transport

The Bayside community enjoys access to a variety of transport options and the convenience that this choice provides; however, this access varies across Bayside. Walking and cycling are preferred by our residents for exercise. Commuters value the frequent train services for work and education. Private cars are used by residents for distances more than a kilometre, for social and shopping trips, school drop-offs and pick-ups, and travel outside the municipality. The Bayside community seeks safer and more convenient infrastructure for cyclists and pedestrians, seeks safer streets and less congestion in residential areas, and wants to encourage and improve public transport use and access. Car parking is also an important issue for Bayside residents, especially with commuters parking in residential streets, and with the increasing numbers of multi-car families.

This Council Plan focuses on influencing state government transport planning through advocacy to improve our bus routes, increase commuter parking, and ensure station redevelopments meet community needs. We will improve our bicycle and pedestrian facilities, trial car-share schemes to lessen resident reliance on cars, and explore opportunities to increase parking capacity in activity centres.

Housing and neighbourhoods

Our community values the benefits of living in Bayside, whether it is raising a family, enjoying retirement or finding independence as a young person. Residents enjoy Bayside’s proximity to Melbourne, supported by the network of roads and public transport that provide convenient and easy access. Bayside residents have a strong desire to see neighbourhood character preserved, with development sympathetic or responsive to the natural environment. As Bayside’s population increases, the community is keen to see these qualities enhanced and protected. These qualities vary across Bayside, with residents strongly identifying with the individual character of their local area.

The strategies in this Council Plan seek to make discretionary planning controls stronger and ensure new development responds to preferred neighbourhood character. They also seek to influence housing affordability and provide housing that meets the needs of various life stages through advocacy.

‘Bayside residents have a strong desire to see neighbourhood character preserved, with development sympathetic or responsive to the natural environment. As Bayside’s population increases, the community is keen to see these qualities enhanced and protected’.
Open space

Open space is one of the key attractions for our residents living in Bayside. Our open space includes over 17 kilometres of coastline that is highly valued by our community. Bayside residents appreciate our parks and gardens for leisure and recreation, and the opportunities they provide for tourism, celebrations and other events.

This Council Plan will protect, enhance and increase quality open space to meet the needs of our community. A key strategy will be securing an additional four hectares of new open space at the former CSIRO site in Highett.
Environment

The Bayside community expects to live in a place where the air, water and land are free from contaminants and pollutants. Our beaches and foreshores are our most valued environmental asset, and their protection and maintenance a first-order priority for our residents. There is also a strong desire to protect the biodiversity within marine reserves and along the foreshore, and in bushland and heathland reserves. Preserving Bayside’s tree canopy and vegetation is profoundly important to the community, especially for residents who live close to developing areas.

The strategies in this Council Plan aim to conserve the unique ecological and environmental value of Ricketts Point, and deliver an improved response to climate change to protect our beaches and foreshores by working with state and federal governments. We will lessen Council’s and the community’s environmental footprint by reducing Council’s greenhouse gas emissions and water consumption, and by working with the community to decrease the percentage of waste that goes to landfill.

Local economy and activity centres

Bayside residents want a thriving local economy that provides employment and opportunities for recreation and entertainment during daylight and evening hours. Such an economy depends on several factors, including support for local businesses, a mix of commercial enterprise and easy access for residents and visitors. Residents value their neighbourhoods and their local businesses and want to retain the character of each activity centre.

This Council Plan will identify options to encourage the night-time economy, ensure our public places and shopping streetscapes are engaging and attractive, and recognizes the important role of local centres and convenience retailing.
Community health and participation

Bayside’s community wants to feel supported and engaged to live an active and healthy lifestyle regardless of age, gender, locality, personal circumstance or physical ability. The community recognises that opportunities to play sport, walk freely around the municipality, and enjoy an enriching social life are key to their health.

The strategies in this four-year Council Plan aim to improve public health and wellbeing, enhance gender equity in decision making in the community, increase opportunities for volunteering, and prepare for the national aged care and disability insurance reforms.

Governance

The strategies in this Council Plan seek to ensure strong and effective democratic representation from Council, and to deliver responsive and financially-responsible services and facilities that meet community needs.

Strategies include a review of Council’s property portfolio and leasing policy to ensure our assets deliver maximum public value, the identification and implementation of improvements in Council’s services, and strengthening community engagement to inform decision making, including community participation in Council meetings.
The Better Place Strategic Planning Framework

This Council Plan fits within the Better Place Strategic Planning Framework. It provides a clear line of sight between the long-term aspirations of the community, reflected in the Community Plan 2025, and the four-year priorities for the elected Council proposed in this document.

These priorities will drive Council’s major strategies and policies that enable Council to deliver against their vision. Following the development of the Council Plan 2017–2021, the major strategies will be reviewed to ensure alignment with the new goals and priorities.
Bayside Better Place Strategic Planning Framework

**Domains of Liveability**

- Open space
- Transport
- Local economy and activity centres
- Housing and neighbourhoods
- Environment
- Community health and participation
- Infrastructure

10 year horizon
Review prior to election (4 years)

**Big Picture Influences**

- State and federal policy – funding, infrastructure, planning
- Demographic drivers – ageing population, new
- Diminishing habitat – protecting land and biodiversity
- Consumer expectations – experiences and social

**Elected Council Priorities**

- Council Plan
  - Developed post election (4 years)

- Major Strategic Plans
  - Natural Environmental Sustainability Framework
  - Built Municipal Strategic Statement
  - Social Wellbeing for All Ages and Abilities Strategy

4–10 year horizons
Municipal Strategic Statement and Wellbeing for All Ages and Abilities
Strategy reviewed post Council Plan

**Better Place Approach Key Result Areas**

- Open Space
- Transport
- Local Economy and Activity Centres
- Housing and Neighbourhoods
- Environment
- Community Health and Participation
- Infrastructure
- Governance

Organisation Strategy
Organisational Plans & Policies

**Council Strategies and Plans**

- Council Policies

Council vision

Council will work with our community to make Bayside a better place
Goal 1

Infrastructure

Council will work together with the Bayside community to plan and deliver community infrastructure that responds to the changing needs of the Bayside community.
### 1.1 Strategic Objective – We want a Bayside where infrastructure is fit for purpose for today and into the future

#### Strategic Indicators
- Maintain 100% of asset renewal as a percentage of depreciation
- Maintain community satisfaction with libraries
- Maintain community satisfaction with recreation facilities

#### Target
- Maintain 100% of asset renewal
- Maintain or improve years 3 and 4 target of 8.7 rating
- Maintain or improve years 3 and 4 target of 8.0 rating

- Tjilajirrin Reserve playground  
- Landcox Park playground  
- Sandringham Gardens playground | ✓ |   |
This Council plan will deliver an unprecedented capital works program to upgrade, expand and renew existing infrastructure.
Goal 2

Transport

Sustainable transport is the mode of choice, facilitated through the creation of a well-connected, safe, accessible and convenient transport system that positively contributes to a strong economy, the health and wellbeing of the community and a low-carbon future within Bayside.
2.1 Strategic Objective – We want a Bayside where transport is safe, frequent and connected to other modes of transport, such as bike or walking trails, to reduce the reliance on cars

**Strategic Indicators**

- Increase community satisfaction with on and off-road bike paths
- Increased number of people travelling to work by bike

**Target**

- Maintain or improve years 3 and 4 target from 7.49 to 7.75 rating
- Year 4 – 840 Cyclists – ABS Census

<tr>
<td>2.3.1 Improve bicycle and pedestrian facilities to make cycling and walking more attractive options for short trips</td>
<td>Improve cyclist and pedestrian safety by upgrading high-risk zones on the Bay Trail Implement the bicycle strategy to: • Provide bicycle parking in public locations where there is an identified need, such as shops, libraries and sports clubs • Develop a network of well-connected bicycle routes • Enforce the state provision in the planning scheme to ensure the specified number of bicycle parking stations in new developments are delivered</td>
<td>✓</td>
<td>✓</td>
</tr>
<tr>
<td></td>
<td>Deliver the 2019/20 Active Transport Facility Improvement Program</td>
<td>✓</td>
<td>✓</td>
</tr>
</tbody>
</table>
We will improve our bicycle and pedestrian facilities, trial car-share schemes to lessen resident reliance on cars, and explore opportunities to increase parking capacity in activity centres.
Goal 3

Housing and neighbourhoods

Neighbourhood housing development across Bayside will respect and enhance Bayside’s valued built and natural heritage and neighbourhood character. New housing growth will be focused on identified activity centres, demonstrating strong environmental credentials and providing a range of housing types to accommodate changing community needs.
3.1 Strategic Objective – We want a Bayside where housing and neighbourhoods are protected and significant development is directed to specified and planned activity centres and strategic locations, providing a transition to surrounding residential areas and incorporating improved infrastructure and open space.

### Strategic Indicators

- Maintain community satisfaction with Council’s advocacy for a planning system that provides certainty for Bayside’s residents
- Increase Council and delegate planning decisions upheld at VCAT

### Target

- Maintain or improve years 3 and 4 target over 6.10 rating
- Years 3 Target 60%
- Years 4 Target 65%

<table>

<td>✔</td>
<td>✔</td>
</tr>
</tbody>
</table>

Target

Maintain or improve years 3 and 4 target from 5.76 to over 6.00 solid rating
We will seek to make discretionary planning controls stronger and ensure new development responds to preferred neighbourhood character.
Goal 4
Open space

We will work together to build our open space network to support biodiversity, improve health and wellbeing and community connections, and provide access for current and future generations.
4.1 Strategic Objective – We want a Bayside where Open Space is protected, beaches are clean and accessible and competing interests are balanced

**Strategic Indicators**
- Maintain community satisfaction with the appearance of the beach and foreshore, including bushland

**Target**
- Maintain or improve years 3 and 4 target from 7.90 rating

<table>
<thead>
<tr>
<th>Council Plan Strategy</th>
<th>Actions</th>
<th>2019/20</th>
<th>2020/21</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.1.1 Protect and ensure the quality of our open space, including beaches and foreshore</td>
<td>Develop a masterplan for the Elsternwick Park Nature Reserve</td>
<td>✓</td>
<td>✓</td>

<tbody>
<tr>
<td>4.2.1 Gain access to increased quality open space to meet the needs of Highett and the wider community</td>
<td>Secure 4 hectares of open space at the CSIRO site</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Develop a master plan that articulates the future layout and management of the Council owned/managed component of the CSIRO site in Highett (subject to the formal transfer of land being completed)</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Undertake site investigations and implementation of short term management measures for the protection of the Highett Grassy Woodland (subject to site access)</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td>4.2.2 Encourage the planting of local indigenous vegetation</td>
<td>Undertake data research to support development of an Urban Forest Strategy</td>
<td>✓</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Develop an Urban Forest Strategy to identify actions for retention of significant vegetation and improvements to current vegetation controls</td>
<td></td>
<td>✓</td>
</tr>
</tbody>
</table>
This Council plan will protect, enhance and increase quality open space to meet the needs of our community.
Goal 5
Environment

Council and the Bayside community will be environmental stewards, taking action to protect and enhance the natural environment, while balancing appreciation and use with the need to protect natural assets for future generations.
5.1 Strategic Objective – We want a Bayside where erosion is minimised and managed on our foreshore cliffs and beaches

Strategic Indicators

- Maintain community satisfaction with Council’s advocacy protecting Port Phillip Bay and limiting coastal erosion

<table>

<tbody>
<tr>
<td>8.2.1 Identify and implement improvements in Council services, efficiency and outcomes for Bayside community</td>
<td>Implement digital improvements to enhance customer service in Building and Planning services</td>
<td>✔</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Deliver Year 1 activities of the Customer Experience and Digital Transformation Action Plan</td>
<td>✔</td>
<td>✔</td>
</tr>
<tr>
<td></td>
<td>Develop and establish a set of “Customer Centric” principles and procedures to guide the way we engage with, and deliver services to, the Bayside community and customers</td>
<td>✔</td>
<td>✔</td>
</tr>
</tbody>
</table>
8.3 Strategic Objective – We want a Bayside where decision making is open, transparent and informed by representative community views

Strategic Indicators

- Improve the level of transparency with Council decisions made at meetings closed to the public
- Improve community satisfaction with Council’s community consultation and engagement
- Improve community satisfaction that Council is making decisions in the best interest of the community

Target

Target 2.59%

Increase Years 3 – 4 target from 6.81 to 7.25 very good rating

Maintain Years 3 – 4 target over 6.59 good rating

<table>
<thead>
<tr>
<th>Council Plan Strategy</th>
<th>Actions</th>
<th>2019/20</th>
<th>2020/21</th>
</tr>
</thead>
<tbody>
<tr>
<td>8.3.1 Improve community engagement to inform Council decision making</td>
<td>Develop, in partnership with the community, a long term Vision and Community Plan for Bayside</td>
<td>✔</td>
<td></td>
</tr>
<tr>
<td>8.3.2 Review Council’s electoral representation boundaries and municipal boundaries</td>
<td>Prepare and lodge a submission on Council’s preferred model for electoral representation</td>
<td>✔</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete the statutory process to realign the municipal boundaries between Kingston City Council and Bayside City Council along the railway between Charman Road and Park Road</td>
<td>✔</td>
<td></td>
</tr>
<tr>
<td></td>
<td><em>(subject to satisfactory agreement being reached and Local Government Victoria’s approval)</em></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
8.4 Strategic Objective – We want a Bayside where effective partnerships are developed to deliver improved liveability for the community

Strategic Indicators
- Maintain or improve community satisfaction with Council’s reputation, lobbying and advocacy

Target
Maintain Years 3 – 4 target, over 6.56 - good rating

<table>
<thead>
<tr>
<th>Strategic Plan Strategy</th>
<th>Actions</th>
<th>2019/20</th>
<th>2020/21</th>

</thead>
<tbody>
<tr>
<td>8.4.1 Ensure that the Bayside’s community’s needs and aspirations are identified and advocated to other levels of government</td>
<td>Develop and implement an advocacy strategy that includes:</td>
<td>✔</td>
<td>✔</td>
</tr>
<tr>
<td></td>
<td>• An agreed framework for identifying, selecting, planning and delivering strategic advocacy campaigns</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>• An agreed list of short, medium and long term areas for strategic advocacy campaigns</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Delivery on Councils currently identified advocacy campaigns, including Elsternwick Park Nature Reserve, commuter car parking, affordable housing, Integrated Transport, improved netball facilities, basketball facilities and Hydrotherapy pool.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
8.5 Strategic Objective – We want a Bayside where Council has various models for ownership and governance of Council facilities

Strategic Indicators

- Improve percentage of Council’s facilities with current tenancy agreements

<table>
<thead>
<tr>
<th>Council Plan Strategy</th>
<th>Actions</th>
<th>2019/20</th>
<th>2020/21</th>
</tr>
</thead>
<tbody>
<tr>
<td>8.5.1 Review Council’s property portfolio to provide clarity on tenant responsibilities, maximize community benefit, and ensure financial sustainability</td>
<td>Continue the disposal and sale of Council owned laneways program</td>
<td>✔</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Develop and promote facility booking options to increase community utilisation of Council’s sporting pavilions with multi-purpose spaces</td>
<td>✔</td>
<td></td>
</tr>
</tbody>
</table>
We will ensure strong and effective democratic representation
How we will report on our progress

Bayside City Council ensures transparency and accountability through regular reporting to Council and the community to monitor our performance.

Council will report on the progress of the annual actions contained in this four-year Council Plan on a quarterly basis, with a detailed report produced in the Annual Report. In addition, the Annual Report measures our performance against the strategic indicators in the Council Plan and the state-wide measures set in the Local Government Performance Reporting Framework.

The strategic objectives in the Council Plan are reviewed annually to ensure we are able to adapt to changing community needs and other internal and external factors.
What our community values
