CONCEPT DESIGN

KEY DESIGN PRINCIPLES

- Provide 3m wide at grade coloured concrete cyclist path adjacent to property boundary.
- Indigenous planting along the boundary fence to provide buffer.
- New rock revetment is provided to reinforce shoreline adjacent to new cycle path.

1.8m wide boardwalk

Removal of right angle turn section of shared path

Potential for new rock revetment at pinch point

1.5m wide at grade coloured concrete cyclist path to match existing

New indigenous planting

New section of at grade coloured concrete cyclist path to match existing
