

# Happy first birthday to our food and green waste bin!

In just one year, Bayside sent an additional 3,300 tonnes from food and green waste bins, to be transformed into high quality compost for Victorian farmers.

Well done Bayside!

## Top tips

- To avoid a smelly bin, store in a shaded spot and make sure the lid can close. Try and layer the food waste with garden waste.
- Tissues, meat bones, paper towels and fruit and vegetable scraps, can all go in the food and green bin. For the full list, check [bayside.vic.gov.au/what-can-go-your-bins](http://bayside.vic.gov.au/what-can-go-your-bins)
- Food waste can go in the bin loosely or wrapped in newspaper. If you opt to use compostable bags, you can find them at most major supermarkets, online or at Council's Corporate Centre. Make sure they carry the AS4736 logo below.

# 2020–2021 Recycling and Waste Collection Calendar

To check your fortnightly recycling and food and green waste collection dates, simply find the area you live in and match the area colour on the calendar.

## Recycle right with these top tips

- Remember, soft plastics don't go in your recycling bin. If it can be scrunched into a ball, it can't go in your recycling bin. Recycle your soft plastic via a REDcycle bin at your local supermarket.
- Do not bag up your recyclables – always put them in the bin loosely.
- Scrunch your aluminium foil into a ball so it can be easily identified by the machinery at the facility.
- No need to rinse! Just ensure there is no leftover food in the packaging.
- Leave lids and labels on all bottles, jars and containers - the recycling facility will remove and sort these.
- If in doubt, leave it out – or check [bayside.vic.gov.au/what-can-go-your-bins](http://bayside.vic.gov.au/what-can-go-your-bins)

### Recycling, food and green waste fortnightly service

Your recycling bin will be collected on the opposite week to your food and green waste bin.

### Garbage weekly service

Your garbage bin will be collected every week on the same day.
